NEXUS

Terms of Service

Last updated: 31 October 2026 · Operated by: NEXUS · nexus.smarthome.app@gmail.com

By downloading, installing or using the NEXUS app and related services (the "Services") you accept these terms. The Services are provided by NEXUS. Contact: nexus.smarthome.app@gmail.com

Licence

We grant you a personal, non-exclusive, non-transferable, revocable licence to use the NEXUS software on devices you own or control, for personal, non-commercial home automation. You may not distribute, lease, sell, sub-license, reverse-engineer it, or use it to build a product that directly competes with NEXUS. Third-party components are subject to their own licences.

Account

Using NEXUS requires an account. You are responsible for keeping your details accurate and your password safe, and for activity under your account. We may suspend or close accounts that breach these terms.

Smart home safety

- NEXUS is a convenience tool; do not rely on it alone for critical functions such as fire, gas, health or life safety.
- You are responsible for the commands sent to your devices and for the security of your network. Keep device firmware and router settings up to date.
- For safety, locks cannot be opened from chat.

NEXUS AI and credits

The free plan includes 30 NEXUS AI credits per day; a NEXUS+ subscription includes 2,000 per month. Credits are non-transferable, cannot be exchanged for cash and reset at the end of the period. NEXUS AI can make mistakes; checking results is your responsibility.

NEXUS+ subscription

- Scope: NEXUS+ gives 2,000 NEXUS AI credits per month and unlocks adding new devices through the advanced connections (Home Assistant, MQTT/Zigbee2MQTT, local Tuya, Tapo). When the subscription ends, devices you already added keep working; adding new devices through these connections needs NEXUS+ again.
- Plans: Monthly and Yearly, priced in TRY for Türkiye and in USD elsewhere (currently Monthly ₺499.99 / $11.99, Yearly ₺3,999.99 / $89.99). Current prices are shown at checkout; taxes may be added at

checkout. The yearly plan includes a 7-day free trial and the monthly plan a 3-day free trial.

- Payments are taken through Whop. The subscription renews automatically each period until you cancel; when the trial ends your chosen plan's price is charged.
- You can cancel at any time from Billing in the app or from your account on this website. Cancellation takes effect at the end of the current period.
- At checkout use your NEXUS account's email address; the subscription is matched to that email.
- We announce price changes at least 30 days before they take effect; they do not affect the current period.
- Refund terms are in the Refund and Cancellation Policy.

Changes and interruptions

We may improve, change or temporarily suspend the Services for maintenance. We do not guarantee uninterrupted or error-free service.

Intellectual property

Rights in the NEXUS software, design, brand and content belong to the operator. These terms give you only the licence above.

Limitation of liability

The software is provided “as is”. To the maximum extent permitted by law we are not liable for indirect damages (including data loss or damage to devices or property) arising from use of the Services; our total liability is limited to the amount you paid us in the previous 12 months. Consumer rights that cannot be limited by law are unaffected.

Termination

You may close your account at any time (see the Privacy Policy). We may end your access if you breach these terms.

Governing law

These terms are governed by the laws of the Republic of Türkiye. As a consumer you keep the right to apply to consumer arbitration committees and consumer courts.

Changes to these terms

We may update these terms and will announce significant changes in the app or on the website. Continuing to use the Services after a change means you accept the new terms.
